A & P Concrete

c/o John Cormier

On behalf of the 16 owners at the Victorian Village Condominium, I wish to thank you for helping us realize a major improvement to our community.

You cannot imagine the amount of pride you have given all of us. Your steps have significantly enhanced the overall appearance of our 20 years old condos and without your support this upgrade would not have been possible.

I am convinced that your product has helped push our real estate values upwardly. The Victorian Village Condominium Complex will definitely be noticed.

Further we could not believe that the project could be completed in a day. Not only was this project done in a short period of time but you and your crew performed the task with utmost professionalism and due care to each unit.

Surprisingly at the end of the day there was virtually no evidence that you had removed old steps, prepped and installed the new product.

Please feel free to erect your company sign on the front property.

Again many thanks for believing in us and helping us move forward.

Sincerely,

Maurice Léger
President, VVCC
